

SPECIAL NEWS

Sturt wins Business of the Year! At the annual Southern Highlands Business Awards for Excellence held on Friday 28 October at Mittagong RSL, Sturt took out the grand prize of Business of the Year – beating 130 other nominated businesses across 20 categories in the process. Sturt has never won this prize before and it is certainly a terrific birthday present for Sturt's 70th year. Well done indeed to all staff, students, friends, supporters and customers of Sturt who share this considerable achievement.

New workshop residents for 2012. New staff members at Sturt for 2012 include **ceramicist Kwirak Choung** who will take over as 1 year Resident in the Sturt Pottery. Kwirak is an established ceramic artist with work in a number of Australian collections including Sturt. In addition Kwirak has considerable teaching experience most recently with the National Art School so his experience and knowledge, particularly in the area of wood firing, will be a great addition to the Sturt program next year. **Woodworker Phoebe Everill** will take on the newly created role of woodwork resident. Phoebe's duties will include teaching, maintenance and construction and production of her own work for sale in the Sturt Shop. Phoebe will graduate from the Sturt School for Wood this year and is also a highly experienced builder/carpenter/house renovator.

Artists in residence for 2012. A total of 6 residencies have been awarded for 2012 from a very strong field of applicants from Australia and overseas. Residents for 2012 will be Danae Natsis (NSW, jewellery), Kay Faulkner (QLD, textiles), Tom Mellor (NSW, ceramics/woodwork), Stefan Jakob (Switzerland, ceramics), Julie Shepherd (QLD, ceramics), Marta Armada (Spain, ceramics/jewellery).

Grant from National Library Community Heritage Program. Following on from last year's Significance Assessment of the Sturt collection we are pleased to announce that we have been successful in securing further funding to carry out the next stage in the development of the collection – a Preservation Needs Assessment. The funding received will allow us to engage the services of a conservation expert who will assess the condition of the collection and the environment that we keep it in and will make recommendations for actions that should be carried out in the future.
