

**SLIDENIGHT at STURT**www.sturt.nsw.edu.au/events

The next Slidenight at Sturt will be held on Wednesday 28 October 5.30pm for a 6pm start in Sturt Cottage and will include presentations by two of our visiting artists for 2015.

Isabelle Moore from Scotland is an Edinburgh-based furniture designer/maker. Isabelle's work focuses on seating and textiles. Endlessly inspired by the incorporation of different techniques, Isabelle has explored the possibilities of 'active sitting', ergonomics and minimal material to provide holistic and fun ways to interact with our built environment.

Andrew Carvolth is our 2015 graduate resident from ANU School of Art. Andrew graduated last year after 3 years in the Woodwork department at ANU and now is building his own career as a furniture restorer and bespoke maker.

Slidenights include drinks, nibbles and good company. \$10 for Friends of Sturt, \$15 for everyone else. Slidenights are supported by Friends of Sturt and all funds raised go to support the Sturt Artist in Residence program. For bookings call Sturt Gallery on 02 4860 2083 or email shop@sturt.nsw.edu.au

Don't forget our deadline for 2016 residency applications is 31 October 2015.

SPECIAL 3-DAY WOODWORK COURSE – Friday 13 - Sunday 15 November

Wood and Weave: Three legged stool construction with **Isabelle Moore**, our international artist in residence, a furniture designer from Scotland.

Level: Some experience required with machines and reasonable hand skills

Cost: \$600 + materials

In this exclusive opportunity to work with one of Europe's top furniture designers, gain an overview of frame construction and the elements to be considered when designing seating for comfort, ergonomics and practicality. During the first two days, using pre-prepared stock, students will be shown how to mark out and cut the required joinery using a range of workshop machinery, then hand shape, assemble, glue up and finish a wooden frame construction to accommodate their chosen sitting height. On the third day Isabelle will demonstrate weaving techniques and the selection of appropriate materials for a woven seat surface and guide you through the completion of your stool. The stool will be constructed from native hardwoods and be woven from a choice of Japanese sea grass or Danish cord (or equivalent); other weaving materials could be used if appropriate.
