

Exploring Basketry

with Jillian Culey

SUMMER 2019
3-7 January

LEVEL:
Beg-Int

COST:
\$745
+ 100 materials

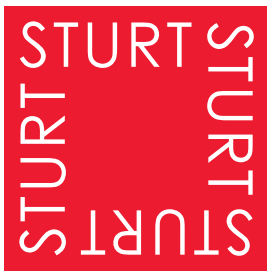

Learn the ancient arts of twined and ribbed basket weaving as well as string making using a range of plant materials. By creating small sample baskets or bags in each of the techniques you will explore different fibres, textures, techniques and shapes. Over the week there will be an opportunity to extend these skills into a larger bag, basket, wall hanging or sculptural piece.

Jillian Culey is a fibre artist who is inspired by the natural fibres she uses and by the ancient and universal craft of basket weaving. Jillian's work explores the woven form: its delicacy and its strength, its simplicity and its complexity. Jillian designs and creates baskets and sculptural pieces for exhibition, retail stores and private collections.
